

## Weekly Bulletin

### *Critical Factory Spares in*

Hope came alive over the weekend as critical factory spares were finally delivered.

The arrival and eventual setting of the new diffuser rollers is bound to improve the efficiencies of extraction process and boilers.

The factory team is currently working around the clock to successfully conclude the process of annual plant maintenance.

*A truck loaded with a mill roller arrive*

### *MSC host Kenya Premier League Matches*

Kakamega Homeboys clinched another victory after beating Sofapaka 2-1 on 23<sup>rd</sup> September, 2017 at Mumias Sports Complex.

Mumias Sugar Company has ensured that the stadium is in a good condition and has capacity to host up to 10,000 fans.

The stadium is well maintained to international standards.

*A match between Homeboyz & Sofapaka*

It is among the reknowned international sports complexes that hosts international and local matches eg CECAFA and KPL.

Currently, five teams: Nzoia, Homeboyz Vihiga United, Western Stima and AFC Leopards take their matches at the Sports Complex .

## *MSC nurturing talents*

Mumias Sugar Company trains at least 1100 students from the 47 counties annually.

These students are drawn from various institutions of learning; Universities and Technical training institutes.

The company absorbs a fresh batch of students every three to four months for the training process. This is done in conjunction with the National Industrial Training Authority (NITA).

In order to meet the job market needs, MSC places students in all its departments

Nelson, a student from Sigalagala polytechnic has been on attachment in Mumias Sugar Company, Factory department, for the last three months and attested that, indeed, the company is offering relevant skills. He narrated how he has gained as an artisan and this will translate to his final results.

*Attachment students compiling their reports at the ICT office*

Channel any queries, information or feedback to Corporate Affairs & Strategy Office on Extension 4730/1/4/5/6

## DEVOTIONAL CHARGE

*"There is hope for a tree that has been cut down. Even though its roots grow old and its stump dies in the ground, with water it will sprout like a young plant." Just as the lord restored the life of Job, there is remarkable budding hope for Mumias Sugar Company despite the numerous challenges we have faced in the recent past.*

*As a family, we need to continue embracing a solute cohesiveness through prayer, sacrifice, commitment and dedication to uplift the company to greater heights. Something becomes good and better when God is in it. With God all things are possible. May the good Lord abundantly bless MSC. Amen!*  
**JOB 14:7-9**
